Wien / Paris, 16.04.2024. CCE, the Austrian-German photovoltaic specialist, has secured €50 million in corporate financing from RGREEN INVEST, an independent investment management company specialising in the financing of energy transition infrastructure projects. This investment was made by INFRABRIDGE III (Art.9 SFDR), the senior short-term debt fund managed by RGREEN INVEST, which aims at accelerating the energy transition by supporting entrepreneurs of the sector through tailor-made financing solutions.

"2024 will be a very dynamic year for CCE, as we plan the construction start of projects with a total output of over 400 megawatts.
